CURRICULUM

The curriculum offered in the nursery encourages children to develop positive attitudes about themselves as well as to people who are different from themselves. It encourages children to empathise with others and begin to develop the skills of critical thinking. We do this by:

- Making children feel valued and good about themselves
- Ensuring that children have equality of access to learning
- Recognising the different learning styles of girls and boys, making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities
- In the choice of resources, we positively reflect the widest range of our community
- Avoiding stereotypes or derogatory images in the selection of books or other visual materials
- Celebrating a wide range of festivals
- Creating a positive environment of mutual respect and tolerance
- Helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable
- Ensuring that the curriculum offered is inclusive of children with special and additional educational needs and children with disabilities
- Ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning; and
- Ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages

VALUING DIVERSITY IN FAMILIES

- We welcome the diversity of family lifestyles and work with all families
- We encourage children to contribute stories of their everyday life to the setting
- We encourage parents/carers to take part in the life of the setting and to contribute fully
- For families who speak languages in addition to English, we will develop means to ensure their full inclusion
- We offer a flexible payment system for families of differing means and offer information regarding sources of financial support

FOOD

- We work in partnership with parents to ensure that the medical, cultural and dietary needs of the children are met
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them

MEETINGS

- Information about meetings is communicated in a variety of ways - written, verbal and, if necessary, in translation - to ensure that all parents have information about and access to the meetings
